

The Repentance of God—Exodus 32-33
Greg Stiekes, Pastor

Despite their heinous sin of the golden calf, God *repented* of the terrible judgment He intended for Israel and let them live. The repentance of God is an enigmatic yet wonderful aspect of God's Personality that we will probe by making *three observations*:

1. God's *repentance* does not contradict His nature or His attributes.
2. God's *repentance* demonstrates His compassion and forgiveness.
3. God's *repentance* may be invoked by earnest prayer.
