

WHAT OUR WORSHIP MEANS *from* HEBREWS 12:18-29

Pastor Greg Stiekes

Christian worship tells a story of what the worshipers imagine to be true about their God and what He has done for them. This is why the writer of Hebrews is intensely interested in how believers worship: the new story spoken through the Son (Heb 1:2) requires a new way of worship. What new story is told in the letter to the Hebrews, and how does it affect our worship?
