

"The Filling of the Spirit of God"  
John 7: 37-39, Ephesians 5:18  
Pastor George Stiekes

The filling of the Spirit is a topic talked about a lot, but seems to be experienced very little. Vance Havner in his book, "Pepper and Salt", stated, "*We spend much of our time in church these days trying to work up what is not there.*" Being filled with the Spirit is not something that can be worked up and yet this is so important to the spiritual maturity of the believer and his effectiveness as a servant of God.

I. What is it?

II. How can I receive It?

III. What is the evidence of It?
