

“Experiencing the Power of God” – Exodus 19:1-6  
Greg Stiekes, Pastor

The Israelites knew the power of God because they had experienced it first hand. But what about us? Can we also know the power of God today? Yes, we also experience the power of God first hand, a fact we recognize when we understand three arenas in which His power is displayed:

1. God’s power universally: the creation of a new world.
2. God’s power historically: the creation of a new nation.
3. God’s power personally: the creation of a new heart.
