

The God Who Heals – Exodus 15:22-27  
Greg Stiekes, Pastor

At the waters of Marah, the LORD reveals Himself to His people as their Divine Healer. We can unpack the significance of this great declaration of God by probing *three essential lessons* found in this text that encourage us to know our God who heals.

1. God desires to bless His people with wholeness.
2. The wholeness of God is found on the path of faith and obedience.
3. The path of faith and obedience always leads to the greatest blessing.
