

The Security of Christ – Colossians 2:11-15

Greg Stiekes, Pastor

In the face of false teaching that believers need something in addition to Christ for their spiritual stability, Paul insists that those who have come to Christ by faith need nothing more than Him. In this text, Paul demonstrates this truth by proclaiming the work of Christ for His church. Here we discover *three magnificent accomplishments* of Christ for us which provide the believer full security to live and serve eternally in the presence of the Father.

1. Jesus united us with Himself (11-13).

This union was accomplished through two acts:

A. The act of “putting off” the sinful body/self

B. The act of “putting on” Christ (Gal. 3:27)

2. Jesus paid our debt (14).

3. Jesus conquered our enemies (15).
