

THE AUTHENTIC GOSPEL— 1 COR 15:1–8
Greg Stiekes

Ideas tend to change the further they drift from their original source—like the ripples in a pond that grow fainter the farther they travel from where the stone was thrown. So when it comes to eternal truth we must continually revisit the source, lest our recollection of the truth fade or warp over time. For this reason, it is essential that we revisit *the gospel of Christ*.

1. What is the gospel?

- a. Christ died for our sins.

And was buried.

- b. Christ rose the third day.

And was seen

2. What are we to do with the gospel?

- a. Proclaim the gospel.

- b. Receive the gospel.

- c. Stand in the gospel.

- d. Continue in the gospel.
