

"The Spirit Filled Life"
Ephesians 5:17-18
Pastor George Stiekes

The command to be filled with the Spirit is one of the most misunderstood experiences given to us in the Word of God. As a result, there are believers trying to achieve spiritual goals that do not exist. Failure to understand God's Word in this matter accounts for many disasters in the Christian life. This morning, we will consider three questions relating to this command.

I. Admonition--What does it mean?

II. Affirmation--Can it be demonstrated?

III. Aspiration--How can I experience it?
